

Elizabeth Ha, MS 158 Symphonic Band and Jazz Ensemble, flute

True from the Heart

Just wanted to say how much I appreciate
Your generous donation to our school
Without your donation
Our band wouldn't even make it to cool

Your donations of instruments
Such as a baritone saxophone
As well as a clarinets and trumpets
Help us have a better sound quality and tone

The instruments make us sound great
When we're playing for pleasure or for entertainment
They produce such a great sound
This gave us our acknowledgement

I truly appreciate the generous gifts
For they make our band have such a great sound
They made our band the most top in our school
And even the best middle school band around

With the help of your donation
More children could participate in the band
And with more members as well as instruments
Our reputation was grand

With all those new instruments
We made such a reputation
That most of our city knew us
And had laid our foundation

With such great sound from our band
We made such great music
All thanks to your donation
We're really grateful because it was classic

So thank you so much
Xie Xie, and gracias
We hope to make some more great sounds
Thank you for an eternity!
