

## Music All Around. . . . in Africa, America and in my life

I play the clarinet and I sing in chorus. To me music is everywhere. Talking is music, tapping a pencil on a table and humming... it is everywhere. I plan on playing the clarinet for a little while. Since I joined band I can read music and learn a song by ear. My band teacher Mrs. Rohing helps me understand new music notes I never saw.

I love music. It changes emotions ...it has emotions. It has to be in our lives.
